Important note to caregivers and those receiving care

The City of Toronto has established Local Occupancy Standards for rent geared-to-income housing. These Standards permit a household to have an extra bedroom for a full-time overnight caregiver who provides support services needed because of a household member's disability or medical condition.

When a household requests an extra bedroom for a caregiver, Toronto Community Housing Corporation must determine if the household qualifies under the Local Occupancy Standards. From time to time, Toronto Community Housing Corporation may ask for new information to verify that the household still qualifies.

The personal information disclosed on this form will be used only for the purpose of evaluating the household's eligibility for an additional bedroom under the City of Toronto's Local Occupancy Standards under the *Housing Services Act, 2011*. This personal information may also be disclosed to the City of Toronto, solely for the purpose of evaluating compliance with the Local Occupancy Standards. The use and disclosure by Toronto Community Housing Corporation of the personal information in this report will be subject to:

- the *Housing Services Act, 2011*
