

GREEN PLAN POLICY

Toronto Community Housing is committed to being an environmental leader and requires all contractors and suppliers to contribute to the success of environmental initiatives as a requirement in their contract from the time they are retained until the contract is completed.

To ensure that the goals of Toronto Community Housings Green Plan are met the following criteria will apply to all goods and services:

- I. Does not harm human health and/or the environment
- II. Conserves energy and/or water
- III. Is durable and sustainable
- IV. Manages and/or reduces waste
- V. Is not a wasteful allocation of resources
