
Addendum Number	3
Addendum Date of Issue	July 14, 2021
RFP Number	21126
RFP Description	Supply, Delivery, and Installation of New Appliances – West Group
Page(s):	1
Attachment(s):	n/a

This Addendum forms part of the above mentioned RFP document and is to be read, interpreted, and coordinated with all other parts. The following revisions supplements and/or supersedes the information contained in the original RFP documents issued on June 15, 2021 for the above-named project to the extent referenced and shall become part thereof.

1. QUESTIONS AND ANSWERS

Q1. Can TCHC provide some clarification with regards to the requirements of Stage II: Compliance to Project Criteria? Notably, the specifications appear to be based on a particular manufacturer(s), and each of them produces appliances that are slightly different. As such, if we do not comply with every nuance in the specifications, would this lead to a disqualification of our bid, or is there some flexibility?

A1. The minimum technical requirements as needed for the RFP 21126 are there to ensure that a Proponent understands the full scope of the program, and is able to adequately meet all requirements to provide the service deliveries.

1. For Submission Form B.1 – Proposed Products:

The Proponent is free to propose any make and model of their choosing as long as it meets the minimum technical requirements set out in this form. It is recommended that the Proponents put their best efforts forward to adhere as closely as possible. Submission Form B.1 – Proposed Products is rectifiable after submission. However, any changes made to this form, will not result in any changes being permitted for Submission Form C – Pricing. As such, the Proponent is requested to consider all elements thoroughly prior to bidding.

2. For Submission Form B.2 – Compliance to Technical Criteria:

The Proponent must ensure that they are able to meet the requirements of Submission Form B.2 – Compliance to Technical Criteria in full. In essence, this form is further solidifying all of the deliverables as contained in the Appendix B – Scope of Work, which the successful Proponent shall be expected to provide in full. Although, Submission Form B.2 – Compliance to Technical Criteria is rectifiable after submission, failure to meet and adhere to the requirements set out may cause a Proponent to be disqualified. As such, the

Proponent is requested to consider all elements thoroughly prior to bidding.

All other terms and conditions remain the same.
