This Addendum forms part of the above mentioned RFQ document and is to be read, interpreted, and coordinated with all other parts. The following revisions supersede the information contained in the original RFQ documents issued for the above-named project to the extent referenced and shall become part thereof.

The following information supplements and/or supersedes the RFQ document issued on **October 09, 2018**.

**1. CLARIFICATIONS**

- a. Proponents may quote for the 25 HP or greater tractor (8 nos.) and/or the 26-33 HP tractor (1 no.). The 26-33 HP tractor will be awarded separately from the 25HP or greater tractors.
- b. The maximum permissible height for the tractor required at Rankin Crescent is **6 feet 8 inches (80 inches)**. The tires may be lower but wider to make up for the height.
- c. Winter tires are required for the tractor at Rankin Crescent along with tire chains. Therefore the quote for the tractor for Rankin Crescent must include summer tires on rims, winter tires on rims and tire chains for all four winter tires.

All other terms and conditions remain the same.
