

# Laundry room notice

**Help us keep the laundry machines in your building running longer and in good repair.**

When doing laundry, keep these tips in mind:

- Empty your pockets before putting clothing in the laundry. Loose items like coins or screws can damage machines.
- Check inside the drum and door ring of the machine and take out any loose items.
- When your load is done, make sure you take out all your belongings. Check the door ring in case any loose clothing is stuck.
