Community gardens: closed until further notice

In an effort to stop the spread of COVID-19, all outdoor recreational amenities are closed until further notice.

This applies to community gardens, including those beds that have been assigned for tenant use.

We have a responsibility to do our part to stop the spread of COVID-19 and flatten the curve, and so we are following the guidance of the City of Toronto regarding our spaces.

You are reminded to stay home, except for essential travel for daily living needs like food and medicine. You are also encouraged to practice good physical distancing by keeping two metres (six feet) apart.

Contact the Client Care Centre at **416-981-5500** or help@torontohousing.ca for more information.
