

Social distancing on elevators

Please keep your physical distance on elevators.

Physical distance means keeping **two metres (six feet)** apart from others.

Due to the size of the elevator in this building, there should only be **one person** on the elevator at a time.

Tenants are reminded to use credible, evidence-based sources of information about COVID-19. Our website is updated regularly as new information becomes available to help keep tenants informed.

Visit torontohousing.ca/covid-19 for more information.
