

Enhancing fire safety

Fire safety is everyone's responsibility

Home fire hazards

Protect your home from common fire hazards by following these home fire safety tips.

Your balcony isn't a locker

Balconies should not be used for storage.

A closed door is a safe door

Doors help prevent the spread of smoke and fire. Always keep your apartment door closed. If you need to clear smoke from cooking, open a window.

Keep your unit clutter-free

Reduce the amount of things that can burn in your unit whenever possible. Always keep a clear exit path and don't block any doors.

Smoke responsibly

Never smoke near medical oxygen or any other compressed gas.
