Re: Lawrence Heights Revitalization

Dear Chair and Members of the Tenant Services Committee,

It has come to my attention that there is a shortage of community space and a significant demand for this type of space in the Lawrence Heights community.

Lawrence Heights is an area of great need and access to affordable space for community-engaged activities can provide stability and add tremendous value to a neighbourhood by providing a place where programs and activities can be offered in the service of community building.

Having witnessed how well it has worked at Scadding Court, I am asking that TCH investigate the possibility of providing the Lawrence Heights community with shipping containers that can be modified and used by local, non-profit groups with a track record in the neighbourhood.

Your consideration is appreciated.

Sincerely,

Paula Fletcher
