Re: Governance, Communications and Human Resources Committee ("GCHRC") Meeting of November 13, 2022 Public Action Item #2: Business Arising from the Public Minutes and Action Items Update

At the November 14, 2022 Governance, Communications and Human Resources ("GCHRC") meeting, the Committee requested management to provide information identifying the buildings included in ConnectTO, and an explanation of how buildings were selected for inclusion. TCHC is pursuing a pilot program option with the City of Toronto (the "City") to provide "hotel-style" Wi-Fi to select TCHC buildings. This approach is based on infrastructure and capital investments that expand on the current infrastructure work ConnectTO is undertaking.

Based on a review of the GCHRC Charter, the Committee has not been assigned oversight responsibilities, by the Board, that would encompass TCHC's involvement in the ConnectTO pilot program. The oversight responsibilities of the GCHRC extend to:

- Corporate governance;
- Human resources, executive compensation, and succession planning;
- Stakeholder relations and corporate communications; and
- Corporate compliance.

The Board's Tenant Services Committee ("TSC") is delegated, by the Board, responsibility for:

- Community relations, tenant engagement and quality customer service;
- Healthy communities;
- Day-to-day maintenance;
- Community safety and security;
- Social investment; and
- Oversight of the Commissioner of Housing Equity.

In the context of the oversight responsibility, delegated to TSC by the Board, the TSC Charter provides that it fulfills that responsibility by:

 Overseeing and ensuring the design, implementation, and reporting of social investment policies, strategies and initiatives by Management that address tenant demographics and reporting and making recommendations to the Board on these matters.

The request made at the November 22, 2022 GCHRC meeting appears to fall more appropriately into the jurisdiction of the TSC. For this reason, this Action Item is being reported back on at the February 15, 2023 TSC meeting.

## **SELECTION PROCESS**

The following criteria were applied to determine which buildings would be part of the ConnectTO pilot project. TCHC used the following criteria to submit 116 addresses to be part of the ConnectTO pilot:

- Addresses that have a high number of units;
- Addresses that house the highest number of households with children and the highest percentage of single-parent households;
- Addresses with the highest number of tenants on Ontario Works ("OW") and Ontario Disability Support Program ("ODSP");
- Addresses with the highest percentage of children and youth;
- Addresses that have the highest number of households with dependents who are full-time students;
- Addresses that had the highest percentage of female tenants; and
- Addresses with the highest number of single/unmarried tenants.
